Chair: Stephen Pyke

John Whitehead:

Action following the discovery of a global association between the whole genome and adverse event risk in a clinical drug-development programme

Co-authors: Patrick Kelly, Yinghui Zhou, Nigel Stallard, Helene Thygesen, Clive Bowman

Kevin J. Carroll:

Back to basics: explaining sample size in outcome trials, are statisticians doing a thorough job?

For each of these published Pharmaceutical Statistics papers there will be a 20 min presentation by the lead author followed by 20-25 min discussion.

Papers available for all to view from 3rd Nov to 29th Dec on <http://www.psiweb.org/journalclub>. Journal subscribers can access papers at any time. Presentation slides are also now available on the same website to download before the TC.

We encourage you to read these papers in advance so you get the most from this event.

Where multiple people are dialling in from the same site, we encourage you to book a meeting room and dial in together.

Open to both PSI and non-PSI members.
